Software Licence Reconciliation & Optimisation

What if software compliance management didn't need to be so difficult?

We do not sell software licences and are uniquely positioned to provide **independent** and **impartial** licensing advice

Key Benefits

✓ Proactively mitigate licence compliance risks.
✓ Make strategic decisions that are informed and cost effective.
✓ Optimise the use of your existing software licences.
✓ Eliminate spending on software licences you don't require.
✓ Gain a greater understanding of the terms and conditions that apply to your software usage.

Software Licensing is Complex.
We can Help...

Discover SAM specialises in Microsoft software licensing and have been helping organisations like your own manage the complexities of licence terms since 2011.

Through our **Software Licence Reconciliation & Optimisation Service**, we conduct a complete analysis of your software licence entitlements, software deployments and software usage and identify the effective licence position (licence excesses and/or deficiencies) of your Microsoft estate on a product-by-product basis.

Our comprehensive deliverables include;

✓ Effective Licence Position (ELP) Report
✓ Server Insights Data Workbook
✓ Endpoint Insights Data Workbook
✓ User Insights Data Workbook
